EDUCATION

UNIVERSITY OF NORTH CAROLINA AT CHARLOTTE

DOCTOR OF PHILOSOPHY
Computing & Information Systems Bioinformatics &
Computational Biology
Wayland H. Cato Doctoral Fellow

MASTER OF SCIENCE

Data Science & Business Analytics First Graduate of the Program

BACHELOR OF ARTS

Applied Mathematics Minor: Psychology Coffey Foundation Scholar C.L. Robbins Scholar

CALDWELL COMMUNITY COLLEGE & TECHNICAL INSTITUTE

ASSOCIATE IN SCIENCE ASSOCIATE IN ARTS

SKILLS

PROGRAMMING

Languages:

R • Python • SQL • Scala

Perl • SAS • Visual Basic

Parallel Computing:

Spark • Hadoop • MPI • SNOW

Visualization:

Tableau • Power BI • Shiny • D3.js

Markup/Design:

HTML5 • CSS3 • LATEX

OCCUPATIONAL EXPERIENCE

EDGE SYSTEMS | Director of Data Science

July 2019 - Present | Charlotte, NC

- Lead data science team through research and development initiatives related to medical device informatics.
- Responsible for innovation with product marketing and engineering to improve and enhance technology products and processes.

UNC CHARLOTTE | BIOINFORMATICS RESEARCHER &

TEACHING FACULTY

November 2018 - Present | Charlotte, NC

- Completed research in a broad range of fields including infectious diseases, epistasis, and human phylogenetics.
- Teaching Cloud Computing for Data Analysis (DSBA 6190) for the Data Science Initiative Master's program. Received a funding grant from Microsoft to modernize and rebuild the course content on the Azure cloud platform.

BLUEGRANITE | SENIOR DATA SCIENTIST, AI SOLUTION ARCHITECT January 2017 - July 2019 | Charlotte, NC

- Developed data and AI solutions using the Microsoft Azure platform using products such as Microsoft ML Server, Microsoft Azure Machine Learning Service, Cognitive Services, HDInsight (Hadoop), and Azure Databricks (Apache Spark).
- Managed client engagements including requirements gathering, project planning, and budgeting.
- Hosted training workshops and gave conference presentations and demonstrations on Microsoft advanced analytics technologies.

LASH GROUP | SENIOR DATA SCIENCE LEAD

February 2016 - February 2017 | Fort Mill, SC

- Develop machine learning experiments and data analysis workflows to aid in client analytics.
- Discover, understand, and present insights into patient drug adherence.
- Consult in company data architecture including master data management and governance for future business strategy to grow value for client accounts.

MARINER | DATA SCIENTIST

October 2014 - February 2016 | Charlotte, NC

- Consult in the development of machine learning experiments, including parametric and non-parametric models, statistical predictions, and data mining.
- Build Azure cloud-based solutions for data collection, processing, and storage using Microsoft Azure Technologies such as Data Science Virtual Machines, Machine Learning Studio, Azure SQL Database, and more.
- Design and create interactive visualizations for both dashboarding and reporting using Microsoft PowerBI, Tableau Desktop & Tableau Server.

NORTH CAROLINA NEW SCHOOLS | Technology Facilitator & Mathematics Instructional Assistant

April 2014 - October 2014 | Hudson, NC

- Responsible for entire technology inventory: ordering, maintenance, management, etc. and maintained school website.
- Liaison between college & high school technology departments.
- Taught NCVPS mathematics courses, held additional teaching sessions in math and science and SAT & ACT preparation.

COURSEWORK

DOCTORAL

Bioinformatics Programming - Perl Molecular Sequence Analysis Bioinformatics Programming - Python Energy and Interaction Research Rotation I Research Rotation II Drugs: Molecular & Cell Mechanics Computational Structural Biology Statistics for Bioinformatics

MASTERS

Database Systems
Visual Analytics
Big Data Analytics
Business Intelligence
Database Design & Management
Consumer Marketing Analytics
Innovation Analytics
Advanced Business Analytics
Machine Learning
Data Warehousing

UNDERGRADUATE

Mathematical Dataset Modeling
Mathematical Thought
Applied Regression
Financial Mathematics
Regression Analysis
Industrial & Organizational Psychology
Deductive Logic
Deterministic Modeling
Cognitive Science - Perception
Business Programming - Visual Basic

RESEARCH

PROFESSIONAL MEMBERSHIPS

2013-Present	The Society for Industrial and Applied Mathematics
2014-Present	The American Statistical Association
2015-2017	UNCC Data Science Initiative Advisory Board
2015-2016	Northeastern University LEVEL Board Member and Lecturer
2016-2017	The Society for Anthropological Sciences
2018-Present	American Association for the Advancement of Science

CONFERENCE ATTENDANCES

Nov. 2014	Microsoft Roadmap Event (Speaker)	Charlotte, NC
Sep. 2015	Microsoft Cortana Analytics Conference	Seattle, WA
Sep. 2016	Advanced Pharma Analytics	Newark, NJ
Feb. 2017	Analytics for Social Good - U. Cincinnati (Speaker)	Cincinatti, OH
Mar. 2017	Society for Applied Anthropology (Speaker)	Santa Fe, NM
Nov. 2017	Nissan Analytics Expo (Speaker)	Nashville, TN
Jan. 2018	rstudio::conf 2018	San Diego, CA
Jun. 2018	Spark+Al Summit 2018	San Francisco, CA
Sep. 2018	Big Data Ignite (Speaker)	Grand Rapids, MI
Sep. 2018	Microsoft Ignite	Orlando, FL
Jan. 2019	rstudio::conf 2019	Austin, TX
Mar. 2019	Microsoft Azure Al Hackfest	New York, NY

CERTIFICATIONS

May 2018 Databricks Certified Developer - Apache Spark 2.x for Python

FUNDING

Jan. 2019 Azure Funding for Cloud Computing Course \$30,000
