EDUCATION

UNIVERSITY OF NORTH CAROLINA AT CHARLOTTE

DOCTOR OF PHILOSOPHY
Computing & Information Systems Bioinformatics &
Computational Biology
Wayland H. Cato Doctoral Fellow

MASTER OF SCIENCE

Data Science & Business Analytics First Graduate of the Program

BACHELOR OF ARTS

Applied Mathematics Minor: Psychology Coffey Foundation Scholar C.L. Robbins Scholar

CALDWELL COMMUNITY COLLEGE & TECHNICAL INSTITUTE

ASSOCIATE IN SCIENCE ASSOCIATE IN ARTS

SKILLS

PROGRAMMING

HTML5 • CSS3 • LATEX

Languages:

R • Python • SQL • Scala Perl • SAS • Visual Basic Parallel Computing: Spark • Hadoop • MPI • SNOW Markup/Design:

OCCUPATIONAL EXPERIENCE

UNC CHARLOTTE | BIOINFORMATICS RESEARCHER &

TEACHING FACULTY

November 2018 - Present | Charlotte, NC

- Completed research in a broad range of fields including infectious diseases, epistasis, and human phylogenetics.
- Teaching Cloud Computing for Data Analysis (DSBA 6190) for the Data Science Initiative Master's program. Received a funding grant from Microsoft to modernize and rebuild the course content on the Azure cloud platform.

BLUEGRANITE | SENIOR DATA SCIENTIST, AI SOLUTION ARCHITECT January 2017 - Present | Charlotte, NC

- Develop data and AI solutions using the Microsoft Azure platform such as Microsoft ML Server, Microsoft Azure Machine Learning, Cognitive Services, HDInsight (Hadoop), and Azure Databricks (Apache Spark).
- Manage client engagements including requirements gathering, project planning, and budgeting.
- Host training workshops, give conference presentations and demonstrations on Microsoft advanced analytics technologies.

LASH GROUP | SENIOR DATA SCIENCE LEAD

February 2016 - February 2017 | Fort Mill, SC

- Develop machine learning experiments and data analysis workflows to aid in client analytics.
- Discover, understand, and present insights into patient drug adherence.
- Consult in company data architecture including master data management and governance for future business strategy to grow value for client accounts.

MARINER | DATA SCIENTIST

October 2014 - February 2016 | Charlotte, NC

- Consult in the development of machine learning experiments, including parametric and non-parametric models, statistical predictions, and data mining.
- Build Azure cloud-based solutions for data collection, processing, and storage using Microsoft Azure Technologies such as Data Science Virtual Machines, Machine Learning Studio, Azure SQL Database, and more.
- Design and create interactive visualizations for both dashboarding and reporting using Microsoft PowerBI, Tableau Desktop & Tableau Server.

NORTH CAROLINA NEW SCHOOLS | TECHNOLOGY FACILITATOR &

MATHEMATICS INSTRUCTIONAL ASSISTANT

- April 2014 October 2014 | Hudson, NC
 - Responsible for entire technology inventory: ordering, maintenance, management, etc. and maintained school website.
 - Liaison between college & high school technology departments.
 - Taught NCVPS mathematics courses, held additional teaching sessions in math and science and SAT & ACT preparation.

COURSEWORK

DOCTORAL

Bioinformatics Programming - Perl Molecular Sequence Analysis Bioinformatics Programming - Python Energy and Interaction Research Rotation I Research Rotation II Drugs: Molecular & Cell Mechanics Computational Structural Biology Statistics for Bioinformatics

MASTERS

Database Systems
Visual Analytics
Big Data Analytics
Business Intelligence
Database Design & Management
Consumer Marketing Analytics
Innovation Analytics
Advanced Business Analytics
Machine Learning
Data Warehousing

UNDERGRADUATE

Mathematical Dataset Modeling
Mathematical Thought
Applied Regression
Financial Mathematics
Regression Analysis
Industrial & Organizational Psychology
Deductive Logic
Deterministic Modeling
Cognitive Science - Perception
Business Programming - Visual Basic

RESEARCH

PUBLICATIONS

- Ford C., Smith, K., Zenarosa, G., Williams, J., Janies D., (Coming Soon) (Frontiers of Microbiology) Persistence of Genes that Confer Antimicrobial Resistance in the History of Escherichia coli Genomes
- Smith, K., Zenarosa, G., Ford C., Williams, J., Janies D., (April 2019) (*Presentation National Council on Undergraduate Research 2019 Conference*) Phylogenetic Analysis of the Genetic Variation of Multi-Drug Resistant *Escherichia coli*
- Ford C., Wen J., Janies D., Shi X., (2018) (*Coming Soon*) parEBEN: A Parallelized Strategy for Improving Epistasis Analysis Based on Empirical Bayesian Elastic Net Models
- Wen J., Ford, C., Janies D., Shi X., (2018) (ACM Conference on Bioinformatics, Computational Biology, and Health Informatics) New strategies toward scaling up epistasis analysis on large-scale genomic datasets
- Ford, C. T. (2018). An integrated phylogeographic assessment of the Bantu migration. (Order No. 10748780, The University of North Carolina at Charlotte). *ProQuest Dissertations and Theses*, 120.
- Ford, C. & Lathrop, A. (2017). (*Presentation Analytics for Social Good, University of Cincinnati.*) Predictive modeling of vegetation density using R and a cloud data platform.
- Janies, D.A., Ford, C., Damodaran, L., Witter, Z., (2016) (Online Journal of Public Health Informatics) Spread of Middle East Respiratory Coronavirus: Genetic versus Epidemiological Data
- Ford, C., Xue, M., Whiteley, P.M., Wheeler, W., Janies, D.A., Shi, X. (2016) (Society for Anthropological Sciences) Visualizing Linguistic Disparity of Uto-Aztecan Languages and Bantu Languages
- Ford, C., Nodzak, C.M., Uppal, A., Zhao, L., (2016) (*Critical Assessment of Genome Interpretation*) Prediction of the effect of naturally occurring missense mutations on cellular n-acetyl-glucosaminidase enzymatic activity. (Acknowlegment in *Human Mutation* (2017))

OTHER WORK

- Ford, C. (2015). Demand forecasting using machine learning to reduce working capital. *Mariner White Paper*.
- Ford, C. (2015). The allure of machine learning, now within reach in Microsoft Azure. *Mariner White Paper*.
- Ford, C., & Snyder, W. (2015). Revenue protection using machine learning for utilities management. *Mariner White Paper*.
- Ford, C., (2016). Assessment of retail out-of-stock conditions using statistical inference. *Mariner White Paper*.
- Blog Posts Written for BlueGranite

BOOKS

• Ford, C. (2010). Caesura, late-intermediate piano technique book. Hudson, NC: Author.

ISBN: 978-0-557-36832-7

TEACHING

Cloud Computing
Advanced Functions & Modeling
Discrete Mathematics
Precalculus
Machine Learning
SAT/ACT Prep

TRAINING

Microsoft ML Server Azure Databricks Microsoft Power Bl Tableau

RESEARCH

JANIES LAB | DISEASE TRANSMISSION RESEARCH

August 2015 - Present | Charlotte, NC

Working with **Dr. Dan Janies** to analyze the disease transmission patterns of pathogens. Some examples include antimicrobial resistance of *E. coli*, pathogenicity changes in *P. vivax*, and the Middle Eastern Respiratory Syndrome coronavirus.

DARPA | BANTU MIGRATION - GENOMICS AND LANGUAGE RESEARCH November 2015 - May 2018 | Charlotte, NC

Worked with researchers from DARPA, The American Museum of Natural History (Drs. Ward Wheeler and Peter Whitley), and The University of North Carolina at Charlotte (Drs. Dan Janies and Xinghua (Mindy) Shi) to understand the genetic, geographic, and linguistic relationship between languages in both Bantoid and Uto-Aztecan groups.

SHI LAB | PARALLEL COMPUTING FOR EPISTASIS DETECTION

May 2018 - March 2019 | Charlotte, NC

Worked with **Drs. Xinghua (Mindy) Shi** and **Jia Wen** in the Shi Lab in epistasis research. We developed the parEBEN package as a parallel approach of the empirical Bayesian elastic net for detecting gene-gene interaction.

PROFESSIONAL MEMBERSHIPS

2013-Present	The Society for Industrial and Applied Mathematics
2014-Present	The American Statistical Association
2015-2017	UNCC Data Science Initiative Advisory Board
2016	Northeastern University LEVEL Board Member and Lecturer
2016-2017	The Society for Anthropological Sciences
2018-Present	American Association for the Advancement of Science

CONFERENCE ATTENDANCES

Microsoft Roadmap Event (Speaker)	Charlotte, NC
Microsoft Cortana Analytics Conference	Seattle, WA
Advanced Pharma Analytics	Newark, NJ
Analytics for Social Good - U. Cincinnati (Speaker)	Cincinatti, OH
Society for Applied Anthropology (Speaker)	Santa Fe, NM
Nissan Analytics Expo (Speaker)	Nashville, TN
rstudio::conf 2018	San Diego, CA
Spark+Al Summit 2018	San Francisco, CA
Big Data Ignite (Speaker)	Grand Rapids, MI
Microsoft Ignite	Orlando, FL
rstudio::conf 2019	Austin, TX
Microsoft Azure Al Hackfest	New York, NY
	Microsoft Cortana Analytics Conference Advanced Pharma Analytics Analytics for Social Good - U. Cincinnati (<i>Speaker</i>) Society for Applied Anthropology (<i>Speaker</i>) Nissan Analytics Expo (<i>Speaker</i>) rstudio::conf 2018 Spark+AI Summit 2018 Big Data Ignite (<i>Speaker</i>) Microsoft Ignite rstudio::conf 2019

CERTIFICATIONS

May 2018 Databricks Certified Developer - Apache Spark 2.x for Python

FUNDING

Jan. 2019 Azure Funding for Cloud Computing Course \$30,000
